Student who don't attend online classes

Circular No. bbpsnb/cir/2021-22/0008

Dear Parents and Guardians,

Greetings and hope you all are safe and in good health.

Attendance is a significant factor concerning student success. The more a student is absent, the increased chance he/she will fail to understand the syllabus, fall behind in class, and lose a connection with the school.

Regular three to five live sessions are conducted for providing seamless education to the students. The Central board of secondary education has issued its guideline according to which it is issued that the student's attendance will be mentioned through online means. Student's performance is being evaluated by several factors, and one is attendance. It is the responsibility of the parent and guardian to make sure their child is attending school online classes daily.

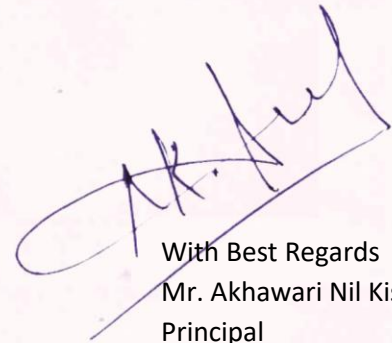

It is a partnership that must be fostered to make sure that your child is successful. That partnership starts with regular attendance in school. Working together ensures success for both the school and the students.

It has been observed that your ward has not attended the online classes since 07th April, 2021. We are worried about the performances of the student if the same continues. We hereby request you to let us know the reason for the same in writing.

Do contact the class teacher in case of any query.

Note: Forwarded to the students who did not attend online classes since 07-April-2021.

Ratibad Road, Neelbad, Bhopal - 462044 (M.P.)
