THEME : SYNTHESIS OF LIFE SKILLS EDUCATION IN PRESENT DAY SCHOOL
CURRICULUM
RESOURCE PERSON : MS. ANJALI RAZDAN (EDUCATOR & BIOLOGIST)
ATTENDED BY : ANIL KUMAR TIWARI

Webinar report on topic "**Synthesis of life skills education in present day school curriculum**" organised by CBSE Chandigarh by resource person Ms. Anjali Razdan focusses on following main points-

-life skills enable individuals to translate knowledge, attitudes and values regarding all the concerned issues into actions.

-it empowers learners to observe the process involving "what to do ,why to do ,how to do and when to do"

-7 life skills required for 21st century learners are -critical thinking and doing, creativity collaboration, cross cultural understanding ,communication computing, career and learning self Reliance

-categories of 21st century skills-ways of thinking ,ways of working, tools for working ,skills for living in the world and framework of life skills -thinking skills and social skills

-life skills for students-explained beautifully because students leave the next without the most basic knowledge of day to day life because they always relied on parents to take care of things explain by giving various examples.

-Maslow's hierarchy of needs also explained regarding life skills explaining that the needs of the students are different at different stages of their development

Really it was totally knowledgeable session regarding life skills and its importance for the 21st century students. The webinar was very significant.

I am thankful to Principal Sir for providing such platform where we equipped ourselves to execute these practices for our students.
