

CBSE WEBINAR REPORT

DATE : 12th APRIL, 2021. [03:00pm to 04:15 pm]
ORGANISED BY : CBSE PANCHKULA
THEME : ICT [*INFORMATION AND COMMUNICATION TECHNOLOGIES*]
INTEGRATION IN TEACHING OF ENGLISH
RESOURCE PERSON : RAVI SHARMA
ATTENDED BY : NAYYER A KHAN

With the help of technology, teachers will be leaders in the transformation of education around the world. A new age demands a new paradigm. Truly stated by Mr Ravi Sharma, a resource person of the CBSE Panchkula on the workshop titled” ICT [*INFORMATION AND COMMUNICATION TECHNOLOGIES*] in teaching English”.

ADVANTAGES:

- Learners become more innovative.
- English lessons that incorporate multimedia applications can exert powerful motivation and provide bored students with exciting new ways to learn.
- ICT ameliorates the learner’s interaction and involvement in group collaborative learning.
- With ICT pictorial description is available.

FLIPPED CLASSROOM AND BLENDED LEARNING

The Flipped Classroom is a blended learning model in which traditional ideas about classroom activities and homework are reversed or flipped.

Pillars of F-L-I-P

- Flexible learning environment
- Learning Culture
- Intentional content
- Professional Educator

Ways to Flip The Classroom

- Determine technology and its usage.
- Create videos and content
- Involvement and transparency of Students and parents.

INNOVATION IN ENGLISH TEACHING

- Making videos with voice of children
- Stories presentation by the students, digitally.
- Cartoon scripts and short situations can be created using different apps.

DIAMOND NINE ORAL LANGUAGE STRATEGY

It is an oral language strategy that challenges students to work together to evaluate and collectively prioritize nine ideas, opinions or pieces of information into what they consider highest to lowest importance. This is highly useful as learning will come from their discussions and negotiations. Assessment will be done through peer and teachers.

TECHNOLOGY IN ASSESSMENT

Assessment can be done through

- **Mentimeter**
- **Kahoot**
- **Google Forms**
- **Quizzes on Google classrooms MS Teams**

We, teachers have a power to empower our youngsters by providing several platforms of latest technology within our reach and channelize their potential and explore their strengths to make them more expressive, create young leaders, good orators and who have strong command on English language and subject and become more creative.

It was really enriching and informative webinar session
