

## REPORT ON CBSE WEBINAR

TOPIC OF THE SESSION; Introduction to cyber crime

RESOURCE PERSON: Mr. Avadhesh Srivastava

DATE: 15th April 2021

TIME: 3:00 p.m. to 4:00 p.m

The wonderful session has been organized by CEO Allahabad by Avadhesh Sriastava. They tell us what is cybercrime how to they work how can they be avoided?

LET US SEE HOW CRIMINALS DO

Malware, Virus, Trojans, Spyware, Ransom, Botnets, Phishing, Man-in-middle attack

Denial-of-service attack.

CYBER LIFE KNOWLEDGE SHARING, AWARENESS IS THE KEY

Be vigilant, Share your experience, best practices.

Password: f you are a admin, try self registration policy OR share username and password separately

Email Declare SPAM where you got email from unknown seems collecting your information

And repot to cyber crime cell or authorities

Virus: Your system is running slow than usual ? Are you facing abnormal behaviour?

Assess security of Digital assets. if you are a developer, store intormation sately, use encryption methods, follow security standard!

Snare your experience!

SAFETY BEST PRACTICES

Keep your eyes, ears open while handling emails, sms, call from unknown

Assess security of all your digital assets, use anti virus

Regular update your software, hardware, apps

Report any suspicious activities to your authorities/ cyber crime cell

Always configure STRONG password

Web Links from unknown sources can be dangerous

Always install app from authorized sources only

Never open attachments in spam emails

The information given by Avadhesh Sir on cybercrime is very useful through which we can avoid cybercrime.

Thank you. For giving me such an opportunity to attend this fruitful session.

**Regards**

**Mr. Nitin Kumar Jaiswal**
