Webinar report on topic " **EFFECTIVE TEACHING & LEARNING IN THE CONTEST OF NEP 2020**" organised by CBSE Bhopal by resource person Mr. Pankaj Agrawal focusses on following main points-

-the key aspects of NEP 2020 and its relation with technology to fulfil its need through number of efficient tools ( one of the class sathi app) .

-Quoting NEP-2020," software could be developed and used by students to help track their growth through their school years based on learning data and interactive questionnaires for students and teachers".

Education through technology provide effective and sufficient infrastructure so that all students gets safe and engaging school education.

-reduce curriculum content to enhance essential learning and critical thinking teaching and learning will be conducted in a more interactive manner.

-transforming assessment for student development

Told how class Sathi app fullfill the teaching -learning requirements of teachers & students.

-built for regular formative assessment as it is a powerful tool for student teachers and the entire schooling system to optimise learning.

-enhances the effectiveness of teaching and eliminates time spent on correcting answer sheets.

As NEP-2020 focusses on technology in educational planning and management. In relation to this one of the class Sathi app is an effective and efficient tool for educational planning and management.

Really it was totally knowledgeable session as it reflects the importance of efficient teaching-learning tools for the 21<sup>st</sup> century students.
