विभिन्न माध्यमों के लिए लेखन

खबर लिखना बहुत ही रचनात्मक काम हो सकता है। उनका ही रचनात्मक, जितना कविता लिखना; दोनों का उद्देश्य मनुष्य को और समाज को जागृत पहुँचाना है। खबर में लेखक तथ्यों को बदल नहीं सकता, पर दो या दो से अधिक तथ्यों के मेल से असंभव खोल सकता है।

13.2 Selection

Selection can be defined as discovering most promising and most suitable candidates to fill up the vacant job position in the organization.

Selection process: After receipt of an applicant function organizations receive large number of applications and selective process begins at this stage by screening the applications. In selection the number of rejected applicants is generally more than the selected candidates that is why selection is considered as a negative process. In selection process various steps are performed which are given below:

1. Preliminary screening: Preliminary screening is done to eliminate unqualified and unsuitable candidates based on information supplied in application forms.
2. Selection test: The organizations prefer to conduct various test to find out the general knowledge of the candidates. The type of test is the conducted depending the requirement of the organization. The companies can go for their own make tests.
3. Intelligence test: This kind of psychological test is used to measure the level of intelligence quotient (IQ) of an individual. It is an indicator of judging a person ability to take decisions and judgements.
4. Aptitude test: This test is conducted to find out the potential of learning new task in the candidate. This enables the candidate can learn new skills and new methods. This test helps to know how the candidate will be performing in future.
5. Personality test: Personality test is conducted to find out the human behaviour of the candidate. This test assesses intelligence, which reveals self awareness of the candidate. The psychological test helps in finding out the approach of the candidate whether working in a team or working on their own, which help them to be working in the right way.
