Webinar report on topic” PRE-SCHOOL TEACHING METHODOLOGY” organised by CBSE Noida by resource person **MS. PARIMEETA KHANNA (EDUCATOR)** focusses on following main points-

**Today's child is the citizen of tomorrow**

Pedagogical and curriculum structure of school curriculum (5 + 3 + 3 + 4) that is 3 years in Anganwadi/Preschool and 12 years in school in which 3 years involves Pre-school teaching.

**Our vision**

- happy coming to school/ online class
- able to work and play with peers
- demonstrate creativity
- follow routine
- self reliant
- comfortable and fluent in language
- interested in learning to read and write

**Principles of preschool curriculum**

- simple to complex
- Known to unknown
- concrete to abstract
- age and developmentally appropriate
- integrated and not compartmentalized
- upward extension

**Stimulate the brain**

- role of rhymes
- stories and action songs
- free and guided conversation
- Peer interaction
- Promote discovery based learning, logical reasoning and decision making

Really, it was totally knowledgeable session as it reflects the importance and application of Pre-school teaching on Anganwadi/Pre-school students.
