

**DATE & DAY** : 16<sup>th</sup> JULY, 2021 (Friday)  
**ORGANISED BY** : COE, AJMER  
**THEME** : FOCUSSING ON COMPETENCY BASED LEARNING  
**RESOURCE PERSON** : MS.POORNIMA MENON (EDUCATOR)  
**ATTENDED BY** : ANIL KUMAR TIWARI

Webinar report on topic “**FOCUSSING ON COMPETENCY BASED LEARNING**” organised by **COE, AJMER** by resource person **MS. POORNIMA MENON (EDUCATOR)** focusses on following main points-

#### **Meaning of competency:**

A competency is the capability to apply or use a set of related knowledge skills and abilities required to successfully perform "critical work functions" or task in a defined work setting.

#### **A competent student should:**

- Be supported in developing skills and abilities
- Feel safe to take up challenges
- Get opportunities and take responsibility
- Have access to comprehension of learning targets and expectations
- Receive timely and effective feedback
- Be assessed learning target not participation

#### **In a Nutshell:**

Competency building focuses on behaviour performance, criterion referenced test that is learning measured by students demonstrating mastery of learning.

#### **Competency based learning:**

- needs to take into consideration behaviour performance predetermined criterion.
- focuses on individual learning outcomes while traditional learning focuses on summative assessment
- connected to the government initiative Atmanirbhar Bharat.
- involves learning to learn

Competency based learning throws light on learning sciences through interdisciplinary empirical investigation of learning as it exist in the real world setting.

Really, it was totally knowledgeable session.
