THEME : ADOPTIVE PRACTICE IN CLASSROOM
RESOURCE PERSON : AUPAM JAGGA

Webinar report on topic” **ADOPTIVE PRACTICE IN CLASSROOM**” organised by **CBSE, COE, DEHRADUN** ,by resource person **MR. ANUPAM JAGGA** focusses on following main points- The experience provides the platform for learning; the careful analysis and reflection of the experience develops the learning.

- Knowledge is created through the transformation of experience.
- Knowledge results from the combination of grasping and transforming the experience

How to achieve effective learning in your subject ?

COGNITIVE LOAD

- We will include too much material
- Maximum of 7 items retained in short term memory
- Students retains very little from traditional lectures
- Most learning take place outside the classroom
- Traditional lectures typically do not improve score

Need to address student beliefs

- Why is this worth learning ?
- How does it connect to the real world ?

Acquiring Expert competence

- Help students establish an organization structure
- Develop systematic problem solving strategies
- Efficient retrieval of facts

Task in teaching for creativity

- Encouraging
- Identifying
- Fostering
- Criticism is ruled out
- Self directed learning
- Free wheeling is welcomed
-

Really, it was totally knowledgeable session as it reflects the importance of Adoptive practice in teaching-learning process.
