Webinar report on topic” **SELECTION OF EFFECTIVE TEACHING LEARNING MATERIAL** “organised by **COE,CBSE, DELHI,NOIDA** by resource person **DR. JAGDISH SHARMA** focusses on following main points-

The following sections describe the four primary categories of criteria that teachers said they use when selecting instructional materials: accuracy and visual appeal, alignment to standards and depth of knowledge, ease of use and support, and engagement and ability to meet student needs.

#### **Effective teaching materials:**

Effective materials do many of the things a teacher would normally do as part of his or her teaching. These include: Arouse the learners' interest. Set clear learning targets. Provide them with strategies to use in learning.

#### **Types of Teaching-Learning Material:**

- Visuals Aids: Blackboard, Posters, Flashcards, Presentations, Printed textbooks, Graphs and Infographics.
- Audio Aids: Radio, Tape-recorder and CDs.
- Audio-visual aids: Videos, Video recordings, Films and Documentaries, Virtual Classrooms.
- Language Laboratory

#### **Characteristics of Good TLM:**

- The TLMs need to be attractive to the children. ...
- Familiarity of TLMs will help to introduce new concepts. ...
- Novelty of the material also attracts the children. ...
- The material should have utilitarian value.

Really, it was totally knowledgeable session.
