

WEBINAR REPORT

DATE	: 04TH AUGUST, 2021 [Wednesday] 04:30 TO 05:45 AM
THEME	: 21ST Century Skills
RESOURCE PERSON	: Mr Madan Swahney
ORGANIZED BY	: CBSE CoE Delhi West
ATTENDED BY	: NAYYER A KHAN

CBSE organised an online training webinar on the topic ‘21ST Century Skills’ which was attended by Mrs Nayyer A Khan. The resource person, Mr. Madan Swahney discussed the meaning and importance of 21st Century skills and emphasised on the need to implement strategies to make our students capable, independent and responsible individuals.

To begin with, the Speaker urged the attendees to read the Manuals and Advisories issued by the CBSE. He informed that these handbooks consist holistic rules that need to be implemented during this crisis and attain the goal of fulfilling school education. He further went on to say that the 21st century skills ensure students that they can perform and compete with the rest of the world where change is constant and learning never stops.

21ST CENTURY SKILLS:

- **Digital Literacy :-** Having the skills you need to learn, to live and to work through digital technologies.
- **Problem Solving :-**The ability to use logic or imagination, understand the situation and provide varied options to solve by creativity and decision making.
- **Communication :-** An ability to transmit or transfer any information, feeling, idea or viewpoint to others without hesitation.
- **Critical Thinking :-** Enables a student to be argumental , logical, analytical, rational and scientific in nature.
- **Creativity :-** Skills to look and consider things and ideas from fresh perspective, through an innovative thoughts and new ways of doing.
- **Health and fitness :-** Ability to perform physical tasks efficiently and motivates to take balance diet and remains fit.
- **Social Responsibility :-** Involves respect for traditions, customs, individual differences, constitution and related rules and regulations.
- **Ethics :-**It develops positive attitude, honesty, compassion, integrity and performing duties.
- **Scientific Temper :-** Promotes logical and critical thinking and evidence based information.
- **Collaboration :-** Encouraged to adapt and empower the children through group activities in collaboration with others and enhance their confidence.

In all, the session was truly elating and inspiring. I am really thankful for our resource person, Mr Madan Swahney for sharing such informative and innovative thoughts. Equally thankful to CBSE for their incredible endeavours towards imparting quality education.
