French Class

Dear Parents,

We are pleased to inform you that our school has decided to introduce French as a foreign language, as a third language from class 3 to 6. We believe that learning a new language is not only important for academic development but also for personal growth and cultural understanding.

French is an international language spoken by millions of people worldwide and is also an official language of many countries. By introducing French, we aim to provide our students with a platform to develop their linguistic abilities and gain exposure to different cultures.

The curriculum for French will cover basic vocabulary, grammar, sentence structures, and conversational skills. We have appointed qualified and experienced teachers who will use interactive teaching methods through virtual mode to make learning fun and engaging for the students.

We hope that you will encourage your child to take full advantage of this opportunity to learn French and enhance their overall development. The knowledge of a third language can open up many opportunities for your child in the future, whether they choose to pursue higher studies or a career in any field.

We thank you for your continued support and look forward to a successful implementation of the French language program.

Please note that classes will be conducted on virtual mode.
