Circular to Parents: Special Day Celebrations on Saturdays for Classes VI to VIII

Dear Parents/Guardians,

We are pleased to inform you that Saturdays will be celebrated as a special day for students in Classes VI to VIII at our school. This initiative aims to provide students with a platform for experiential learning and engagement in various activities that will contribute to their overall growth and personality development.

On these special Saturdays, students will have the opportunity to participate in a wide range of activities, including games, clubs, arts, music, dance, yoga, Vaidik Math, linguistic activities, artificial intelligence & food as skill subjects, and more. These activities are carefully designed to foster creativity, critical thinking, teamwork, and skills development in various domains.

We believe that this initiative will enable students to explore their interests, develop new skills, and enhance their personalities beyond academic learning. It will create a dynamic and stimulating learning environment, where students can engage in hands-on activities, collaborate with peers, and broaden their horizons.

We request your support in encouraging your ward to actively participate in the special day activities and make the most out of this unique opportunity. Please ensure that your child comes to school on Saturdays prepared for the activities planned for the day.

We are confident that the special day celebrations will contribute significantly to your child's all-round development, and we look forward to your continued support in this initiative.

Thank you for your cooperation.

Best regards,

A.N.K.Sinha
Principal
